

The Big 4 Features You Need to KNOW!

By using the Experience.com platform, you are already way ahead of the competition. Customer reviews and Social Proof have become industry-standard for all Loan Officers. But not all review platforms are built the same. Below, you'll find the Big 4 Features

1 Auto Posting to Social Media

- Set your threshold for social media auto posted directly in your account. You can set any reviews that come in above 4.5 Stars will automatically push to your Facebook page & LinkedIn Profile

2 Review Replies

- Never miss a chance to say thank you.
- Keep track of all of your reviews and reply to all of your past clients

3 Your Public Page

- You will have your own public-facing Experience.com page
- Customize your URL
- Push traffic to your page via your email signature or your online business pages

4 Widget for Your Website

- Generate a widget which will live on your website and automatically update with all of your latest reviews
